

PATRICE J. ROBINSON  
Councilwoman - District 3

CITY COUNCIL

Interim Director Michael Rallings  
Memphis Police Department  
201 Poplar Avenue  
Memphis, TN 38103

Dear Interim Director Rallings,

I was contacted by Patricia A. Rogers to tour some blighted properties in my District. Unbeknownst to me, Ms. Rogers has allegedly advised the owners of some of the properties that Ms. Rogers was representing me and that I sent her out on a fact finding mission about their property and blight. She allegedly said that I secured \$300,000 for blighted properties and that they had to hire her to get some of that money. She also shared contract terms with them and told them that if they did not do business with her that she would ensure that I would cause their properties to be demolished.

Please be advised that I have not authorized Ms. Rogers to perform any services for me in connection with my duties as a City Council member or otherwise. Specifically, I have not requested Ms. Rogers to perform any fact finding missions about blighted properties nor am I involved in raising funds to repair blighted properties.

I have advised Ms. Rogers by copy of this letter to cease and desist making any further representations about me in her endeavors. I am forwarding a copy of this letter to the appropriate authorities and have requested that a copy of this letter be posted on the Council's website to notify the public of Ms. Rogers' activities.

Respectfully,

Councilwoman Patrice J. Robinson
